PROFESSIONALSUMMARY

B.Tech Information Technology graduate with hands-on experience in UI design, creating intuitive and user-centered digital experiences for web and mobile applications. Skilled in Figma, wireframing, high-fidelity prototyping, responsive design, accessibility, and user-centered design principles. Experienced in collaborating with cross-functional teams to design visually engaging interfaces that enhance usability. Passionate about solving design challenges through creativity, research, and continuous learning.

SKILLS

UI Design: Figma, Wireframing, High-Fidelity Prototyping, Responsive Design, Accessibility, User-Centered Design,Mockup
Soft Skills: Team Collaboration, Event Coordination, Communication, Project Planning

WORKEXPERIENCE

UI Designer Intern Nov 2024 – Dec 2024
Inker Robotics, Thrissur
- Designed the complete user interface for robopark.in, focusing on intuitive navigation and visual consistency.
- Developed wireframes and high-fidelity mockups, delivering a modern and engaging user experience.
- Improved accessibility and responsiveness across web and mobile platforms, contributing to the overall design strategy.

YIP Project Intern 7.0 Aug 2024 – Oct 2024
K-DISC, Trivandrum
- Facilitated multiple educational workshops, boosting student learning outcomes and engagement levels.
- Coordinated local outreach initiatives to expand program visibility and community involvement.
- Managed project planning activities, ensuring efficient timelines and optimal resource allocation.

UI Designer Intern May 2024 – Aug 2024
MuLearn Foundation, Trivandrum
- Designed responsive interfaces and high-fidelity prototypes for MuLearn web and mobile applications.
- Collaborated with development teams to ensure seamless UI-to-code implementation.
- Enhanced user experience by applying user-centered design principles and iterating based on feedback.

YIP Project Intern 6.0 Jan 2024 – Mar 2024
K-DISC & GTech MuLearn, Trivandrum
- Coordinated project events, ensuring seamless execution and positive participant experiences.
- Organized volunteer schedules and resources to optimize on-site support across diverse project needs.
- Managed communication between mentors and student teams, facilitating smooth project progress.

PROJECTS

Top 100 makers — UI Design
*2024 | **Link***
- Successfully designed the **Top 100 Makers** landing page, creating an engaging and intuitive user experience that effectively communicates the program's vision, opportunities, and maker journey.

Robopark — UI Design
*2024 | **Link***
- Designed the user interface for **RoboPark**, creating an engaging and intuitive experience that effectively showcases its vision, ecosystem, and collaboration opportunities through a clear and structured design approach.

EDUCATION

B.Tech in Information Technology 2022 – 2026
University College of Engineering, Kariavattom

Higher Secondary Education (Bio-Maths Stream) 2020 – 2022
Govt Model Girls HSS, Pattom

High School Education 2017 – 2020
Lekshmi Vilasom High School, Pothencode
