PROFESSIONAL SUMMARY

B.Tech Information Technology graduate with hands-on experience in UI design, creating intuitive and user-centered digital experiences for web and mobile applications. Skilled in Figma, wireframing, high-fidelity prototyping, responsive design,accessibility, and user-centered design principles. Building working knowledge of SQL, Excel, and Power BI to support data-driven decision making. Experienced in collaborating with cross-functional teams to deliver visually engaging, usable interfaces.

SKILLS

UI Design: Figma, Wireframing, High-Fidelity Prototyping, Responsive Design, Accessibility, User-Centered Design, Mockups

Data Analytics: SQL, MS Excel, Power BI

Soft Skills: Team Collaboration, Event Coordination, Communication, Project Planning

WORK EXPERIENCE

UI Designer Intern — Inker Robotics, Thrissur Nov 2024 – Dec 2024

- Designed the complete user interface for robopark.in, focusing on intuitive navigation and visual consistency.
- Developed wireframes and high-fidelity mockups, delivering a modern and engaging user experience.
- Improved accessibility and responsiveness across web and mobile platforms, contributing to the overall design strategy.
- Used Excel to track design tasks, timelines, and feedback across the project lifecycle.

YIP Project Intern 7.0 — K-DISC, Trivandrum Aug 2024 – Oct 2024

- Facilitated multiple educational workshops, boosting student learning outcomes and engagement levels.
- Coordinated local outreach initiatives to expand program visibility and community involvement.
- Managed project planning activities, ensuring efficient timelines and optimal resource allocation.

UI Designer Intern — MuLearn Foundation, Trivandrum May 2024 – Aug 2024

- Designed responsive interfaces and high-fidelity prototypes for MuLearn web and mobile applications.
- Collaborated with development teams to ensure seamless UI-to-code implementation.
- Enhanced user experience by applying user-centered design principles and iterating based on feedback.

YIP Project Intern 6.0 — K-DISC & GTech MuLearn, Trivandrum Jan 2024 – Mar 2024

- Coordinated project events, ensuring seamless execution and positive participant experiences.
- Organized volunteer schedules and resources to optimize on-site support across diverse project needs.
- Managed communication between mentors and student teams, facilitating smooth project progress.

PROJECTS

Top 100 Makers — UI Design ***Link*** - 2024

- Designed the Top 100 Makers landing page, creating an engaging and intuitive user experience that communicates the program's vision, opportunities, and maker journey.

RoboPark — UI Design ***Link*** - 2024

- Designed the user interface for RoboPark, showcasing its vision, ecosystem, and collaboration opportunities through a clear, structured design approach.

EDUCATION

B.Tech in Information Technology — University College of Engineering, Kariavattom 2022 – 2026

Higher Secondary Education (Bio-Maths Stream) — Govt Model Girls HSS, Pattom 2020 – 2022

High School Education — Lekshmi Vilasom High School, Pothencode 2017 – 2020
